# CHARTWELL

Our passion for using only the finest quality materials runs through the design of Chartwell Painted. The luxury painted finish of Chartwell subtly reveals the delicate and unique figuring of the door's solid ash woodgrain framing beneath. This well-crafted door design references the past, but feels fresh and contemporary. The neat detail line which runs around the door gives the impression of being an authentic in-frame kitchen, yet, as a standard door, Chartwell is in fact an affordable and stylish alternative.

Pictured here in the calming neutrals of Soft Grey and Bone Chartwell has an appealing look that will most definitely stand the test of time. With a stunning palette of colours to choose from there are many winning combinations possible, ranging from the cool tones of Pale Smoke and Bone through to more indulgent tones of Charcoal, Baltic Green or Prussian Blue.

Adding character to your Chartwell kitchen scheme is easily possible with the application of elegant accessories such as pilasters, an over mantel and tongue and grooved panels, as well as curved and glazed doors. The addition of these thoughtful details introduce character plus a sense of unique appeal.

Finishing touches are important and these English Bronze cup handles and knobs provide a warming and sophisticated effect, whatever the space - completing this premium look.
